Summary

Aspiring AI/ML Engineer with a Bachelor of Computer Applications (BCA) degree and CGPA of 9.0/10. Strong foundation in Machine Learning, Python, SQL, Data Analysis, and Data Visualization. Experienced in building end-to-end machine learning projects including Customer Churn Prediction, Heart Disease Prediction, Customer Shopping Behavior Analysis, and AI Resume Analyzer. Passionate about developing intelligent systems, predictive models, and AI-driven solutions to solve real-world business problem

Skills

Programming: Python, SQL
Machine Learning: Classification, Regression, Clustering, Feature Engineering, Model Evaluation
Libraries: Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
Data Analysis: EDA, Data Cleaning, Data Preprocessing, Statistical Analysis
Visualization: Power BI, Advanced Excel
Database: MySQL
Tools: Git, GitHub, Jupyter Notebook, VS Code
Concepts: Machine Learning, Artificial Intelligence, NLP Fundamentals, Predictive Analytics

Experience

Testing Associate Tata Motors, Pune Analyzed vehicle performance data and prepared testing reports. Identified faults and collaborated with engineering teams to improve quality.	Nov 2021 – Jun 2022
Production Associate Suzuki Motor Gujarat Maintained production records and quality documentation. Assisted in process monitoring and operational efficiency improvements.	Feb 2020 – Jul 2020

Projects

Customer Churn Prediction Python, Scikit-Learn, Flask - Developed an end-to-end machine learning model to predict customer churn. - Performed data preprocessing, feature encoding, and model evaluation. - Built a deployment-ready prediction system using Flask. - Improved customer retention decision-making through predictive analytics.	March 2026 – April 2026
Heart Disease Prediction Python, Machine Learning - Built a classification model to predict heart disease risk from patient data. - Applied feature engineering and compared multiple ML algorithms. - Evaluated performance using Accuracy, Precision, Recall, and F1-Score	May 2026 – jun 2026

Certifications

- Python Programming – KodeKloud (2025)
- Power BI Visualization – UniAthena UK (2025)

Education

Bachelor of Computer Applications (BCA) Nandurbar/ Maharashtra	Graduated: 2026 CGPA: 9.0/10
